REISSUE PATENT APPLICATION**

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is claimed and for which a reissued patent is sought on the invention entitled

HIGH FIDELITY INSERT EARPHONES AND METHODS OF MAKING SAME

the specification of which was filed on July 18, 2003 as United States Reissue Application Serial Number 10/622,224 ("this application").

I understand that this application is being filed to reissue U.S. Patent No. 5,887,070, which was issued on March 23, 1999 ("the original patent"). I believe the original patent to be partly inoperative because I claimed less than I had the right to claim in the patent.

Every error in the patent being corrected in this application, and that is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on my part. I believe that all errors being corrected in this application up to the time of filing of this oath or

declaration arose without any deceptive intention on the part of the applicants.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose to the United States Patent and Trademark Office all information which I know to be material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56.

I hereby claim foreign priority benefits under Title 35, United States Code, § 119(a)-(d) of any foreign application(s) for patent or inventor's certificate listed below. I have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the application on which priority is claimed.
